For further information and updates, check the ENRMO website at: http://gordon.army.mil/dpw/enrmo/eqcc.html, or send electronic mail to Mr. Stephen Willard (willards@gordon.army.mil) or Mr. Christopher Damour (damourc@gordon.army.mil)

Garrison Commander Comments

- EQCC is your forum to communicate your ideas, concerns and mission constraints
- You have the opportunity to positively impact your soldiers' QOL and the quality of training
  - Recycling Program Support
  - Improvement at Lakes

Installation and Unit Environmental Responsibilities

- The ENRMO/DPW mission is to ensure that you can carry out your mission while ensuring that FT Gordon stays in compliance
- Operational readiness depends on sufficient land for training individuals and units
- Good conservation techniques preserve training areas for future military use and reduce compliance and restoration costs
- Military mission and environmental compliance are compatible
